

PASHA HAWAII®

EXPERIENCE, SAFETY & SPEED

Dangerous goods shipping to/from Hawaii.

Pasha Hawaii provides hazmat shipping service to the Mainland/Hawaii trade lane with reliable local market expertise covering all the intricacies of dangerous goods logistics.

Highlights:

- **Dangerous goods management staff experts** trained on 49CFR, IMDG and UN Model regulations, offering customer education tutorials in class setting, live or via phone and email. Hazmat training classes offered free to customers at select locations.
- **Online tool available to customers 24/7/365** to automatically verify the capability of hazardous materials shipped in the same container.
- **Intermodal integration** for safe and secure dangerous goods logistics via truck, rail and ocean between origin and destinations.
- **Risk mitigation**—our systems automatically flag hazmat shipments when booked to identify issues before customer is exposed.
