PASHA HAWAII SERVICE ANNOUNCEMENT

Terminal Relocation to SSA Terminal Pier A in Long Beach, CA in late April 2020

Dear Valued Pasha Hawaii Container Customer:

We are pleased to announce Pasha Hawaii container operations will relocate from our current operation at West Basin Container Terminal (WBCT) at the Port of Los Angeles to the SSA Terminal Pier A at the Port of Long Beach in late April 2020.

This move aligns with the service enhancements underway as we bring our two new LNG-fueled Ohana Class containerships to the market later this year and into 2021. The SSA Terminal Pier A facility will afford us a larger footprint and improve wheeled operations for cargo.

You will begin receiving regular updates on the transition plan as we provide ample notice to our customers, shippers and vendor-trucking partners of all pertinent shipping information. The next update will include effective dates and updated Sailing Schedules with appropriate port locations by vessel voyage.

In the immediate, our LHX and CHX services will continue to call at WBCT in Los Angeles. We would like to thank WBCT for their continued high-service levels and partnership as we make this transition.

If you have any questions, please contact your Pasha Hawaii Sales Representative or Customer Service at 877.322.9920.

Thank you for choosing Pasha Hawaii.
