**PASHA HAWAII SERVICE ANNOUNCEMENT**

**Update 2 -Terminal Relocation to SSA Terminal Pier A in Long Beach Week of April 20<sup>th</sup>**

**Dear Valued Pasha Hawaii Container Customer:**

As previously announced, Pasha Hawaii is relocating Southern California container operations to the SSA Terminal Pier A at the Port of Long Beach. Transition of operations will begin the week of April 20<sup>th</sup>.

This move aligns with the service enhancements underway as we bring our two new LNG-fueled, Ohana Class containerships to the market later this year and into 2021. The SSA Terminal Pier A facility affords us a larger footprint with improved wheeled capabilities.

In the immediate, our LHX and CHX services will continue to call at WBCT in Los Angeles. The first Westbound departure from SSA Pier A is on Sat April 25<sup>th</sup> of the Pacific 621W.

This calendar provides guidance on the vessel departures, inbound arriving cargo, and instructions on the pick-up and delivery of empty and full container loads.
