**Dear Valued Customer:**

The Central Pacific Hurricane Center is tracking Douglas, a category 3 hurricane located 725 mi ESE of Hilo Hawaii and 930 mi ESE of Honolulu Hawaii; moving WNW at 18 mph. The storm contains maximum sustained winds of 115 mph. A hurricane watch has been issued for the Big Island of Hawaii and Maui County.

Based on this information and guidance from U.S. Coast Guard and Hawaii DOT, we are advising our clients of our intended schedule modifications.

**Pier 51 Gate (Containers):**

- *Saturday 7/25:* gate operations will be open for normal hours of 0700 to 1145 (closed for lunch from 0930-1000).

As noted yesterday, we strongly advised Honolulu customers to pick up any full containers, especially hazardous cargo that discharged off the Pacific PS627W. We appreciate your efforts to have as many containers pulled by the Saturday 1145 gate closure.

We will not be accepting any EB HAZ freight for the MC137E; we ask that all customers moving HAZ freight hold these container in their yard at this time. Please contact your local Hawaii Sales Agent with any questions on this matter.

**Neighbor Island Freight off the PS627W:**

- *Kawaihae:* The Thursday barge arrived as scheduled.
- *Kahului:* The Thursday barge arrived as scheduled.
- *Nawiliwili:* The Thursday barge arrived as scheduled.

We strongly advise Neighbor Island customers to pick up any full containers from the Pacific PS627W.

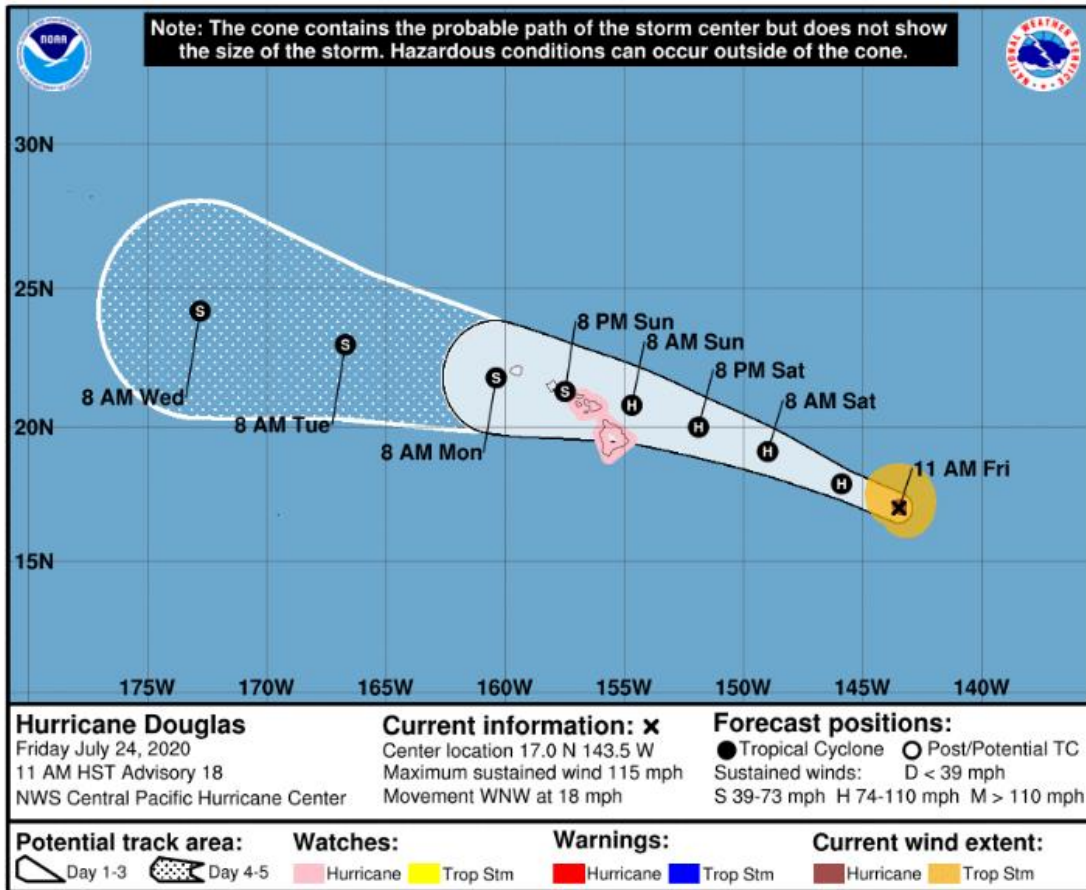

- *Hilo:* In preparation for the storm, Young Brothers has canceled their Saturday barge sailing. All cargo will be secured in Pasha's HON terminal until the next available Hilo departure.

**Marjorie C MC137W (LHX):** Based on the current speed and path of the storm we anticipate this vessel will arrive Honolulu port after Hurricane Douglas has passed Oahu. Vessel arrival will be pursuant to the USCG guidance and all clear for the Honolulu Harbor. We will make regular status updates throughout the weekend.
